

Joe Harvey 2002 - 2004

IN MEMORY OF JOE HARVEY (1960 – 2011)

Memory Shared By IATA's 11th President, Ned Shannon:

“I think one of the joys of Joe Harvey was his love to the IATA Awards Banquet. He so much loved to honor those colleagues that have gone above and beyond. Also I remember him as being very organized and efficient with all the Executive Council meetings. An example is he was always so good at finding typos or minor errors in the minutes from the previous meeting. Also his use of Roberts Rules kept everything official and fair. He was wonderful at detail.”

Memory Shared By Student Athlete, Rachel Whitman, Class of 2011, Brebeuf Jesuit High School:

“Joe always encouraged us to fly even if we were the only one’s flying. Joe may have left this earth but his spirit will always live on in the community and in the Joe Harvey Athletic Training Room. He will always be flying with us.”
